100 East Normal
Kirksville, MO 63501

Complaint Procedures

From time to time, students, faculty or staff may have concerns regarding procedures and policies of Disability Services or a member of the staff. When these concerns occur, complainants are asked to first try to resolve the issues with the Director of Disability Services (in a timely manner so as to not impede services). If a satisfactory resolution is not found, complaints may be issued with the Vice President for Student Affairs who supervises Disability Services.
